"A wedding anniversary is the celebration of love, trust, partnership, tolerance and tenacity. The order varies for any given year."
Quoted by: Paul Sweeney

Singleness Discoveries

- 1) Marriage and/or children is not a requirement to enter heaven. Many people place so much importance on becoming a spouse and/or parent that they lose sight of their purpose in life. The only way to enter heaven is through Jesus Christ, so why not focus on Him instead?
- 2) God's love for us is greater than any human love. While we were created to desire love in our lives, we should also realize that human love does not replace God's love for us. After all, He gave His only Son to bear the sins of mankind. God should always be placed first, whether one is married or single.
- 3) God created each one of us to be unique, and He is not superficial. It is easy to become discouraged when our society is so focused on physical beauty rather than inner beauty. Although healthy eating and exercise is important to maintain quality of life, we should not gauge our appearance with others. God is more concerned with our thoughts and actions.

While marriage and/or children were wonderfully created by God, we must be realistic to the fact that not everyone will be blessed in this way. We can still pray and share our desires with God but only He knows His plans for our future.

Causes of Infidelity

- ~**Boredom** with the way things are at home.
- ~**Curiosity** as to what it would be like to have sex with this other person who looked fresh and new. *You have to remember though that curiosity did kill the cat.*
- ~**Bad habits** are hard to break because they become strongholds. It's easy to give into the flesh especially if you have someone encouraging you in that direction that does not care about your marriage.
- ~**Friendships** are the most common cause of infidelity. Friends share thoughts of dissatisfaction and they are always there to make you feel better or to help you look at things in another light, watch out!
- ~Consumed with the spirit of **lust**. Men and women who look at porn start believing it is natural to sleep with multiple women/men before and after marriage.

Keep your eyes on the Word of God as it says in Proverbs chapter 2 and chapter 7, it will help you overcome the temptation of infidelity. If you meditate on God's word day and night then you will make your way prosperous and then you will have good success in your marriage. (1 Corinthians 6:18 and 2 Timothy 2:22)
